Fayseena Charcoal Face Wash - Deep Cleanse for Fresh, Healthy Skin

Fayseena Charcoal Face Wash is specially made to deeply clean your skin, remove dirt, oil, and pollution, and give you a fresh, glowing look. Enriched with the power of Activated Charcoal, Salicylic Acid, and Mint, this face wash helps you fight common skin problems faced by both men and women in India.

Whether you're exposed to dust on busy roads, pollution in traffic, or sweat due to hot and humid weather, this face wash is your everyday solution for clean and healthy skin.

Key Ingredients:

Activated Charcoal: Pulls out deep-set dirt, excess oil, and impurities from your pores.

Salicylic Acid: Helps to reduce pimples, blackheads, and controls acne.

Mint Extract: Cools and refreshes your skin, giving a soothing feel.

Benefits:

Deeply Cleanses Pores: Charcoal acts like a magnet to pull out dust and toxins from your skin.

Reduces Pimples & Acne: Salicylic acid helps in controlling breakouts and removing blackheads.

Oil Control: Removes excess oil without drying the skin, perfect for Indian oily or combination skin.

Fresh & Cool Feeling: The mint gives a refreshing and cool effect after every wash.

Suitable for All Skin Types: Safe for men and women, whether you have oily, dry, or sensitive skin.

How to Use:

Wet your face with normal or lukewarm water.

Take a small amount of face wash and gently massage in circular motion.

Focus on oily areas like nose, forehead, and chin.

Rinse off thoroughly and pat dry with a clean towel.

Use twice a day for best results – once in the morning and once before bed.

Pack Size:

100 ml – Easy to carry, fits in your bag or travel pouch.
