

Nova Electric Wax Heater for Hair Removal

Description

Nova Electric Wax Heater for Hair Removal | Portable Wax Warmer Machine with Auto Cut-Off for Salon & Home Use (White)

Experience hassle-free hair removal with the **Nova Wax Heater**, a compact and efficient waxing solution for both salon and home use. Designed with **auto cut-off technology**, it ensures safe heating by maintaining the right temperature for your wax. Compatible with all types of wax – beads, cans, and blocks – this wax warmer is easy to use, energy-efficient, and travel-friendly. Its lightweight design makes it perfect for **professional beauticians** as well as at-home grooming needs.

Advantages / Key Features

- **Fast Heating** – Quickly melts all types of wax for instant use.
- **Auto Cut-Off Function** – Maintains ideal temperature, prevents overheating.
- **Multi-Wax Compatible** – Suitable for bead wax, can wax, block wax, and strip wax.
- **Safe & Durable Build** – Heat-resistant body with strong heating coil.
- **Portable & Lightweight** – Compact design, easy to carry and store.
- **Salon & Home Use** – Perfect for professional salons and personal grooming.
- **Energy Efficient** – Consumes less power while providing effective heating.
